SENIOR EXPERIENCE DESIGNER, CAMBIA HEALTH SOLUTIONS

2020-PRESENT

Contributing to multiple projects requiring UI, UX, strategic, and front-end development support. Main responsibilities include authoring universal design system foundations, improving design operations relating to cross department efficiency, and designing experiences across multiple platforms + products.

LEAD DESIGNER, ISOLARY

2014-2020

Worked with the team at Isolary on a variety of projects including: UI & UX design, branding, graphic design, marketing campaigns, web design, photography, motion graphics, content strategy, front-end development, enterprise application design, and digital product design. Held multiple roles across numerous projects including project management and production. Presented solutions and implemented features via an iterative design/development process.

FREELANCE DESIGNER, PHOTOGRAPHER, VIDEOGRAPHER

2012-PRESENT

Partnering with small to medium sized businesses on projects including branding, web design, advertising, packaging, and strategic consultation. Specialization in portraiture and event photography. Filmed dozens of events with the Elegant Cinemas team. Contributed post-production work as an editor.

DESIGN CONSULTANT, FACTORY NORTH

AUG 2017-NOV 2017

Partnered with Factory North and Harper's Playground. Collaborated with both teams to create and implement a comprehensive brand guide to inform the creation of digital tools, collateral, and new website design.
